IN a Metropolitan City of this size, death knocks every
thirty minutes at some door. Too often that death
not only brings sorrow, but misfortune as well. Let the
price you pay for a funeral be a business proposition and
you will benefit by it in service, quality and cost to you
in dollars and cents. The result of my campaign has
built for me one of the largest and most magnificent
establishments in the world.

A visit will convince you.

Consult me, I can save you Worry, Time and Money.

The Most Important "Labor Saver"

Now Made for City Homes is

The Little Gas Water Heater

OTHER "labor-savers" are mostly built to lighten the
work connected with a single task.

—But the Little Gas Water Heater plays a prominent
labor-saving part in connection with most every task in
the housewife's program.

To go without steaming hot water which a gas
heater alone can render is a woeful mistake.

A standard size for average requirements will heat
twenty gallons in thirty minutes at a cost of two cents
for gas — and

A First Payment of
A Dollar and a Quarter
Will Bring One of These
Little Gas Water Heaters
To Your Home Today

We sold 4,000 of this type last year—have sold 5,300
in 1916, and have just received two more carloads from
the manufacturer.

Many of our customers are also installing this style
heater as an auxiliary to the coal-fired water heater, to
supply steaming hot water when the regular supply is
not hot enough.

See one of these efficient Gas Water Heaters demon-
strated at our Water Heater Department in the Peoples
Gas Building, or at any of our Branch Stores. If you
cannot call, write a postal or telephone Wabash 6000
and we will send you complete information.
